Behailu yifru

DESKTOP APP AND WEB DEVELOPER

Detail-oriented Full-Stack Developer and Computer Science student specializing in functional web and desktop applications. Proficient in building high-performance interfaces with Next.js, React, and Tailwind CSS, while leveraging Python and PHP for robust back-end logic and automation. From AI-driven advisors to media tools, I am passionate about engineering efficient, scalable solutions and solving complex technical challenges with clean code.

ABOUT ME

A curious and motivated Full-Stack Developer dedicated to solving real-world problems through clean, scalable code. I thrive in collaborative environments and prioritize clean architecture using modern tools like Next.js and Python. I stay at the forefront of tech trends, viewing every complex challenge as a vital opportunity for professional growth and innovation.
